Oakville NDP Annual General Meeting
Featuring Guest Speaker Sarah McPherson

Sarah McPherson is the Director of Communications and Development for the Oakville Community Foundation. She brings to the position over 20 years of charitable and for profit sector experience.

Sarah will be speaking on ***Vital Signs***, a report from the Oakville Community Foundation focusing on the challenges faced by modest-income residents and vulnerable individuals in Oakville. The report discusses how we can bridge the equity gap, provide housing for all, improve mental health and encourage diversity.

One doesn't have to be a member of the Oakville NDP to hear Sarah speak. You're all invited.

During the Oakville NDP Annual General Meeting, the association will also be electing its executive, and as a member of the party, you are invited to run for a position.

If you are not a member or have not yet renewed your 2016 membership, you can register at the meeting. See you there!
